I organized a company happy hour here and everything about it was amazing... easy access, beautiful walk, open space, and beautiful river views... The team was outstanding... Food/Drinks... delicious and lots of it.

We hosted an event here under the pergola and it was wonderful. Everything ran smoothly, the appetizers were delicious, and there were plenty of good drink options. It is the perfect location for a summer event! Would highly recommend!

- Flori Garcia-Vicente

I hosted my graduation party here ... and it was a huge success. Shoutout to Tracie in events for making it go as smoothly as possible and being so accommodating ... everyone enjoyed the views, the music, and the speedy service. I will definitely be back!
